Explanatory Statement pursuant to Section 102 of the Companies Act, 2013

The following statement sets out the material facts concerning the special business to be transacted at the Extraordinary General Meeting.

Item No.1

Tang Telecom Limited is the shareholder of TriTelA GmbH. TriTelA GmbH, owns the assets – mysms™ messenger and the tech platforms SPH Wien and Kika Social. mysms is a platform-independent SMS service that synchronizes texts across mobile, Web and desktop – all through a single online account. This also means that users can write their texts from their laptop/desktop computer. It's like iMessage, but for multiple platforms.

mysms™ was launched in summer 2012 with a vision to send and receive texts on all devices like smartphone, tablet & PC. In 2014, they launched a premium offering and started the path to monetization. As on January 2016, it had installs in the range of 1,000,000 to 5,000,000.

mysms™ brings a lot of versatility to your SMS/MMS service. The convenience of being able to use your carrier SMS account to send and receive messages, view your message archive and have everything synced across all of your devices. This is exactly the solution that mysms™ offers you. mysms™ provides apps for your Android phone or tablet, Windows or Mac desktop and a web app that can be used in any browser. Your messages are synced to the cloud and can be accessed from anywhere.

mysms™ has around 15,000 premium users and 3 million registered users. Premium users are subscribed for an annual fee of \$9.99 and are poised to grow 20% next year. While, the registered users will be charged an average of \$0.99 per year.

This also gives the large user base of mysms™ messenger an opportunity to access all the services in the LYCOS ecosystem.
